Description

CAMERO LEGEND PRO-RIDER

Be a part of Camero's history with the Legend!

The Legend Series is perfect for all types of on-water activities whether it be skiing, wakeboarding, knee boarding or just cruising around and relaxing with family and friends.

The Legend's ease of steering and getting onto the plane seem effortless, it corners like a dream and handles like nothing else. Recognized by Wakeboard SA as their official tow boat for many years, the Legend has good solid wakes at low speed, while at slalom pace gives faint, soft, clean wakes. The Legend Rider's Edition retains the proven design of the Legend Series III, yet enhanced with hardcore digital Rider's wakeboard graphics and custom gelcoat design, making this model the perfect cross-over boat
