Description

CAMERO VISION 21I BOWRIDER

If you're looking for a boat that can pull everything from skiing and wakeboarding to wakesurfing, your next ride might be a Camero Vision 21I Bowrider!

Being the latest addition to the Camero family is the vision 21i, a mid-sized, walk through Bowrider designed to cross-over to all water sports. The Vision 21i has hull geometry similar to that of the Legend, providing faint, soft, clean ski wakes, while for the more serious wakeboarder, the optional electric ballast creates a good solid ramp so you can pull off some serious air.

Optional is the Vision 21i Rider's Edition which features hardcore digital Rider's wakeboard graphics and custom gelcoat design.
