19 Etiwanda Ave Mildura VIC 3500

Description

Hunter Marine Boat Builders, specialise in creating boats for our unique Australian conditions. They are light weight, designed for navigating our inland waterways. If you are looking for a boat for the roof rack or camper trailer or a bigger trailable vessel. Our boats are built to last. Constructed from high marine aluminium.

The traditional punt. An ever popular model for the river or quieter waters, is light and very easily handled up and down those steeper banks and onto the roof racks. The more robust punt features extruded gunnel, extra ribbing on floor, transom bracing for larger engine capacity and strength all round.

We have packaged this boat with a 8hp Mercury Four Stroke and Dunbier Sports Trailer
