

## Mercury 350 HP Verado

POA

## Specifications

### Boat Details

Price	POA	Boat Brand	Mercury
Model	350 HP (Verado)	Length	0.00
Year	2018	Category	Boat Engines and Outboards
Hull Style	-	Hull Type	-
Power Type	-	Stock Number	0
Condition	New	State	Queensland
Suburb	GLADSTONE	Engine Make	-

## Description

New: Cold-Air Intake

The **Verado 3506** cylinder can breathe! The cold-air intake system is designed to capture cool, fresh air from outside the cowl and deliver it directly and efficiently to the supercharger. The larger, straighter airflow path is a more efficient design that creates less turbulence. The unique labyrinth design in the top cowl keeps the powerhead dry. New: Lightweight / Compact Design

At just 668 pounds, the **Verado 350** is 95 pounds lighter than its competition, and its compact design allows for 26" engine spacing and less stress on the transom. New: Water-Cooled Supercharger

The intuitive **Verado 350** design taps into the engine's cooling system to cool the supercharger and reduce the effort required to compress air, thereby increasing efficiency and durability. White, Black, Your Choice.

In addition to standard Phantom Black, Mercury now offers 300hp and 350hp Verado outboards in two shades of white – Cold Fusion and Warm Fusion. The two new shades of Mercury White will complement almost any boat design or style. Driving Experience.

SmartCraft® Digital Throttle & Shift provides **smooth, instantaneous, predictable and quiet shifting**, as well as ultra-responsive throttle control, while true Power Steering (standard on six-cylinder models) delivers precision steering without undesirable steering torque.

Mercury's shadow technology eliminates the hassle of grappling with multiple engine levers when running with triple or quadruple outboards. Shadow mode controls up to four engines with just two levers from as many as two helm stations. Power.

The instant boost of an intercooled supercharged system **delivers tremendous hole shot, unrivaled mid-range punch and excellent top speed**. Smoothest, quietest.

The inherently balanced **in-line six-cylinder** engine and our **Advanced Mid Section (AMS) with perimeter mounts** virtually eliminate vibration in the boat. Perfect for sneaking up on fish or cruising on luxury pontoons. Joystick Piloting for Outboards.

With a simple push or twist of a joystick it's possible to maneuver a boat in virtually any direction – sideways, diagonally or spinning the boat on its axis.

Control dual, triple or quad Verado 250hp, 300hp or 350hp outboards, even in challenging wind and current conditions. This system integrates seamlessly with SmartCraft® Digital Throttle & Shift (DTS) and electro-hydraulic power steering, while standard integrated autopilot provides Auto Heading and Waypoint Sequencing.

Also available with Skyhook®, a digital GPS positioning system which can hold a boat in position while fishing or waiting for bridges to open. World-Class Design.

Our long-bolt design anchors the block and cylinder head to the bedplate and **eliminates the effects of expansion and contraction**. An exclusive oil cooler maintains optimal oil temperature to extend the life of the engine.

In addition, the Verado valve train is maintenance-free for the life of the engine. Geared Right.

The ultra-robust 5.44-inch-diameter gearcase is built for offshore seas and provides extra lift for longer, heavier center consoles and walkarounds.

HP / kW 350 / 261

Engine type Inline 6

Displacement (L) 2.6

Full throttle RPM 5800-6400

Air induction Supercharged with charge air cooling and electronic boost pressure control

Fuel induction system Sequential multi-port electronic fuel injection (EFI)

Alternator amp / Watt 70 amp / 882 watt (Belt-Driven)

Recommended fuel Unleaded 95 RON for premium performance (91 RON Minimum)

Recommended oil Mercury FourStroke 25W40 Marine Oil

Engine protection operator warning system SmartCraft Engine Guardian

Compatible with SmartCraft digital technology Yes

Starting Smart Start Electric

Controls SmartCraft Digital

Steering Electro-hydraulic power steering

Shaft length 20" / 508 mm 25" / 635 mm 30" / 762 mm

Gearcase ratio 1.75:1

Dry weight \*Lightest model available 668 lbs / 303 kg

CARB star rating 2

Gearcase options 5.44"

Trim system Power trim and tilt with SmartCraft programmable tilt

Counter rotation Available

Color Cold Fusion White Phantom Black Warm Fusion White
