Power Type	-	Stock Number	0
Condition	New	State	Victoria
Suburb	MILDURA	Engine Make	-

Description

The Mercury Racing® Pro Finish Bravo I FS Outboard propeller offers excellent time-to-plane performance, sweet mid-range punch, and awesome top-end speeds for bass, flats, cat flats, and performance center-console bay boats. The stainless steel prop, designed for use on 150 hp to 350 hp four strokes including Mercury Verado®, Mercury Pro FourStroke, and competitor-brand engines, features four robust blades and a tuned exhaust tube. The shortened exhaust tube provides greater top-end speed, while minimizing stern lift for improved boat handling and performance.
