### Description

The Zero Effort Digital control by Mercury Racing provides an intuitive control experience – precisely signaling driver intent to engines equipped with SmartCraft Digital Throttle and Shift (DTS) technology. All new ergonomic design for effortless shifting and ultra-fast throttle response. Heavy-duty stainless steel levers with anodized aluminum handles. Variable friction adjustment provides a custom tactile feel and resists throttle creep. Integrated throttle trim switch for hands-on trim control. Enabled for automatic throttle synchronization and shadow mode for triple engine applications.
